

Directors

The TCCHS Alumni Association is pleased to announce its newly elected officers/directors who began their terms of office on August 1, 2018. Those elected positions include four officers/directors and three directors-at-large. Two other directors-at-large, who are employees of the Todd County School District, will continue to function as non-voting directors-at-large. We very much appreciate the willingness of these individuals to accept the responsibilities of leading our organization. If you are interested in assisting the association in any way, please send an email to Carolyn Wells at tcchsaa@gmail.com.
